Executive Profile

Political scientist, university lecturer and institutional advisor with experience across government, legislative affairs, public policy research, political strategy and higher education. Founder and Director of Rincón Político, combining applied research, training and advisory work with public-sector and political stakeholders. Current work bridges evidence-based policy, legislative drafting, stakeholder engagement and the responsible adoption of AI and digital tools in government, education and SMEs. International exposure across Latin America and India, including the Government of India's ITEC programme on AI, governance and public service delivery.

Selected Professional Experience

Political & Legislative Advisor

Municipal legislative office - Rio Cuarto, Cordoba

2025-2026

- Advise on political positioning, policy priorities and legislative strategy; research municipal regulations and public-policy alternatives.
- Draft speeches, legislative initiatives and evidence-based communication content; support agenda setting and stakeholder engagement.

Founder & Executive Director

Rincon Politico - Consulting & Policy Studies Center

Current

- Lead applied policy research, political consulting, professional training and multidisciplinary project teams serving public, political and institutional audiences.
- Design programmes in legislative technique, political communication, public policy, digital research and AI-enabled workflows; supervise interns and project-based teams.

External Professional Trainer - Applied AI

Banco Credicoop Foundation

2026

- Deliver practical AI capacity-building for SMEs and professional audiences, translating emerging technologies into accessible workflows and responsible-use practices.

Head of Advisors

President, Parliamentary Front against Hunger - PARLASUR / MERCOSUR Parliament

2025

- Supported parliamentary advisory work, policy research, legislative drafting and regional coordination within a MERCOSUR institutional setting.

Professional Services

Ministry of Bioagroindustry, Province of Cordoba

2025

- Provided professional services within a provincial-government environment, adding public-sector and territorial-development experience to an academic and advisory profile.

Policy & Leadership Value

Brings together political analysis, legislative practice, research design, public communication and institutional coordination. Particularly suited to policy advisory, government affairs, programme coordination, public-sector innovation, research consultancy and cross-sector stakeholder roles in Latin America.

University Teaching

University Lecturer / Teaching & Research Roles

National University of Rio Cuarto (UNRC)

2026

- Political Research Methods and Techniques; Project Planning & Evaluation; Public Policy Analysis; Research Methodology in Social Work; History of Culture; and legal reasoning / epistemology-related coursework.
- Supervision and co-supervision of 10+ undergraduate and doctoral theses; curriculum design, assessment and research mentoring.

Senior / Lead Teaching Appointments

Universidad Siglo 21; Provincial University of Cordoba

2019-2025

- Former Expert Full Professor at Universidad Siglo 21 (2023-2025) and Full Professor of Epistemology of the Social Sciences at the Provincial University of Cordoba (2019-2021).

Research & Academic Leadership

CONICET Doctoral Fellow (2015-2020)

Doctoral research supervised by Dr. Mario Pecheny and Dr. Celia Basconzuelo; collaboration in UBA-CYT, PICT-UBATEC and PICTO research projects.

Director & Founder - DIORAMA

Academic journal for students, UNRC; ISSN 3072-9165. Academic editing, institutional coordination and student knowledge production.

Current Research

Subnational Digital Political Intelligence Database; applied work connecting political research, digital methods and evidence use.

Publications

Author/editor of 20+ books and scientific articles across political and social research, human rights, gender, territorial development, education, culture and related fields.

Research & Knowledge Skills

Mixed-methods research | Qualitative and quantitative analysis | Research design | Evidence synthesis | Policy briefs | Monitoring & evaluation | Academic writing and editing | Thesis supervision | Knowledge products | Workshop and course design

AI, Digital Transformation & Capacity Building

Applied experience designing educational, legal and political chatbots; AI training for SMEs and public-facing audiences; digital research; responsible adoption of generative AI; and translation of complex technology into practical guidance for non-technical users. Organiser/responsible professional for Expo Inteligente 2025 within Rio Cuarto's Economic and Social Council / Smart Development Congress.

International Exposure

International ITEC Fellow - AI & Governance

Government of India / C-DAC, New Delhi

2026

- Selected for specialized training on the impact of artificial intelligence on global governance, institutional operations and public-service delivery.
- Built international exposure with peers from multiple regions and strengthened a policy-oriented perspective on AI adoption in government.

Regional & diplomatic engagement

Professional and institutional engagement involving Argentina, Brazil, Uruguay, MERCOSUR/PARLASUR and India, including parliamentary cooperation and participation in diplomatic and international-learning environments.

Institutional Leadership & Service

- Director, ISIPEC - Social Institute for Political, Educational & Scientific Innovation.
- Founder, Latin American Sanskrit Association / School of Indian Philosophy & Culture.
- Editor, Ediciones Kolontai and Editorial Renacentista; academic and independent publishing experience.
- Founding member, UNRC Human Rights Observatory; academic committees and external evaluation roles.
- Former coordinator, programmes and research groups on graduation, gender, socio-environmental conflicts and sexual-diversity regulations in Latin America.

Languages & Cross-Cultural Skills
